

# WANTED

## EcoVillagers

*“To model and develop  
sustainable lifestyle”*

The University of Life is launching its first 'state of the art' ultra-low footprint campus in the UK. Villagers of all ages are required to reside, learn and illustrate exactly how we can all live comfortably in harmony with our planet.

*An offer stands, we have a plan,  
be part of the solution.*

*Come join our tribe and celebrate  
a peaceful evolution.*
